## District 89 Alignment Proposal for 2023-2024

### Introduction

All Districts have geographic boundaries. The geographic boundaries of a District are established at the time of its formation. Should the District want to change its boundaries, any proposed changes must be approved by the District Councils of all Districts involved and submitted to World Headquarters for the consideration of the Board of Directors. Once each year, Districts must review and amend, if necessary, the alignment of the clubs, Areas, and Divisions within their boundaries. (According to #222 District Leader Handbook P.18 District Alignment)

### Alignment Considerations

Changes are minimized this year to keep all clubs within the current division as in year 2022-2023. Some adjustments are proposed to achieve the follow objectives:

1. Balance the number of clubs in areas for better support and maximizing synergy;
2. Maximize number of areas to achieve distinguished;
3. New clubs chartered in year 2022-2023 are kept within the same division and area for better follow up & support.
