**Greetings**

## **International President-Elect(候任国际会长)**

**Matt Kinsey,DTM**

**Greetings to members of District 89,Welcome to your District Conference. I am honored to greet you - and join you - from my home in Florida as you gather virtually with fellow Toastmasters from across District 89.**

**Toastmasters is a remarkable organization that has brought together members from more than 140 countries with one goal – to develop communication and leadership skills, which in turn foster genuine self-confidence. Toastmasters began as a series of speaking clubs organized by Ralph C. Smedley during his time working for the YMCA (Young Men's Christian Association) in Bloomington, Illinois, United States. As director of education at the YMCA, Smedley saw a need for the men in the community to learn how to speak, conduct meetings, plan programs and work on committees, and he wanted to help them. As he later said, “Ours is the only organization I know dedicated to the individual, we work together to bring out the best in each of us and then we apply these skills to help others.”**

**One of my favorite events in Toastmasters is the District Conference. The District Conference brings you together from all corners to learn, celebrate and select your future leaders. There will be many opportunities for you to expand your knowledge through the educational sessions. You will celebrate the achievements of your members and clubs, culminating with the celebration of your International Speech champion. At the Business Meeting, you have the weighty responsibility of selecting those who are best prepared to serve you in the following year. Please take the time to learn more about each of the candidates so you can make an informed decision.**

**Thousands of generations have gazed into the night sky seeking wisdom, telling stories, and dreaming of the future. These dreams are not idle fancy – these dreams have brought us the greatest discoveries known to mankind – from the earliest use of fire and the wheel, to the development of agriculture, and to man landing on the moon in 1969. Each of these accomplishments started with a simple question – what if? What if I could find a way to control fire? What if I could find an easier way to move heavy objects? What if man could reach into space and land on the moon?**

**官员寄语**

**Greetings**

Perhaps “what if” brought you to Toastmasters. I know it did for me. When I first visited a Toastmasters club nearly 19 years ago, I asked “what if?” It was Office Depot Toastmasters Club 9086. They were hosting an event at the corporation to attract new members. When I visited, I had been speaking for many years. It was an evaluation that impressed me. It would have been very easy to be overly critical and to focus on what the speaker had not done well. Instead, I saw a member encourage, advise and lift up another individual who was seeking to get better as a speaker. I said to myself “these are the type of people that I choose to spend my time with. Those who lift others up and are seeking to get better themselves. I asked, “what if I could become a part of this organization.” Toastmasters was the answer for me – starting in the stars. That decision led in stages to where I currently sit, being given the tremendous honor of addressing you as a member of your International Board of Directors

What is your “what if?” Why did you join Toastmasters? Has your “what if” changed since you joined? As you meet and speak with your fellow Toastmasters this conference, I encourage you to share your “what if” and listen to those around you. You may find you have more in common than you realize.

**Best Regards,**

**Matt Kinsey, DTM**

**International President-Elect 2021-2022**

Message from District 89 Director 2021-22

You are the Lead.

There' s no typo here. You are the Lead. We are not talking about leader here, as all of us already knew that Toastmasters is where leaders are made. We are all leaders, that' s what in our knowing, our everyday practising, never stop becoming.

But this year, here in Maoming, virtually or pre-physically, You are the Lead – the main character in a movie, a film, a play, something phenomenal, something we are anticipating, something big.

We have been speaking quite lengthy for more than two years about challenges or how the world has been different ever since the pandemic. Let' s talk about something else in this conference.

Let' s talk about how you can be the Lead to something big, something there waiting for you. It could be in your current workplace, a next pursuit waiting for you, your family, your profession, your study, your voluntary work, something you have always been dreaming of, or even something uncertain, something unknown.

Be the Lead there.

As you login to this online meeting platform just now, have you noticed that each of us owns a frame where you are the lead?

There' s a frame waiting for you out there too.

Be the Lead who overcome obstacles, make miracles, write your own chronicles.

Be the Lead who inspire the possibles, represent the responsables, leave your audience with unforgettable.

This era is the new normal. Changes are normal. Obstacles are usual. But winners are for those who are perpetual.

This year, we see some Toastmasters Clubs in our District struggling, some unfortunately closing. But at the same time some new clubs are opening, some prospering, and a good number become outstanding. That inspired and reminded me of this piece of wisdom. If the external environment does not favour your show, start changing or even creating a new environment now. Be the change needed. Be the unforgettable role in the lives you are going to touch.

Be the Lead in your frame.

**Sean Lin, DTM**

Dear members and distinguished guests of Toastmasters,

Welcome to District 89 Maoming Online Conference!

We have always been targeting a face-to-face conference this year, yet, there are times when we cannot control the external environment. Due to the epidemic, we have to change to online mode this year again. Nevertheless, our conference organizing team remains passionate throughout the preparation process and devoted lots of time & effort to organize this conference for our members and guests. I' m really proud of our conference team.

Toastmasters is where we learn, experience, and connect. In particular, the District Conference gives us ample opportunities to learn through workshops and contests, experience through taking up different roles, and connect through interacting with toastmasters from different clubs and regions. In Toastmasters, each of us is the lead for our own Toastmasters story. We learn, experience, connect, to become better communicator and leader.

I look forward to meeting you all online. Let' s have fun and enjoy our annual event together.

Yours in Toastmastering,

Emily Ho, DTM

Dear fellow members of District 89,

Welcome to Maoming Conference 2022.

The District Conference is always one of my top priorities among all other activities in Toastmasters that I must join and I never missed any since 2013. It's always one of the best opportunities there to learn the communication and leadership skills from the great leaders and professional speakers. I am quite sure that you must learn something there and be overwhelmed by the District-level speech contests and the workshops.

As members, I do encourage you to reap all of the benefits of this big event and participate as much as you are able during the conference. After the conference, I also encourage you to step outside of your comfort zone, challenge yourself and seize every opportunity offered by your membership; and don't forget to share your experiences with your club members and friends as well.

Last but not least, I would like to take this opportunity to say thank you to our conference team for their dedication and effort. Let's enjoy your journey in Maoming Conference and do have fun there.

I look forward to meeting all of you there.

Yours in Toastmasters,

Allen PO, DTM

3. Practice—Practice while you learn. Establish the mindset of an authentic speaker.

## 分享概要：

我们都在头马学习演讲，为什么有的人进步缓慢，有的人却可以神速超车？在苏子芳新创作的工作坊《如何高效学习演讲？》中，我们会认识到学习演讲过程中的盲点和错误，学到她十年学习演讲的经验，并获得最适合自己的高效演讲学习方法！

主要亮点:

1. 测——评估个人最需要的演讲学习方法
2. 学——高效提升演讲，必做的三件大事
3. 练——即学即练，建立真正的演讲者思维

## Speaker's Introduction:

Sherrie is a teacher from Tianjin, China. Before joining Toastmasters, she had never studied abroad. She discovered how to effectively learn public speaking from scratch when she joined TM in 2021. In 2018, she won 2nd Place in WCPS with the speech "Turn Around". Her speech inspired the audience to face fear instead of turning away from it. She let the world hear her voice, impressing the audience and proving to them that a Chinese can also be a World Class Champion.

苏子芳是来自天津的一位老师。加入头马之前，她从未出国留学。2011年，她以演讲小白的身份加入头马，却在演讲之路上找到了高效的学习方法。2018年，在头马国际世界演讲比赛中，她以题为《转身》的演讲，获得了世界亚军。她的演讲鼓励人们在面对恐惧时要克服恐惧，而不是逃避。她让世界听到了中国声音，证明了中国人也可以成为世界级的演讲者。
