

Toastmasters International District 89

District 89 Alignment Proposal for 2021-2022

Introduction

All Districts have geographic boundaries. The geographic boundaries of a District are established at the time of its formation. Should the District want to change its boundaries, any proposed changes must be approved by the District Councils of all Districts involved and submitted to World Headquarters for the consideration of the Board of Directors. Once each year, Districts must review and amend, if necessary, the alignment of the clubs, Areas, and Divisions within their boundaries. (According to #222 District Leader Handbook P.18 District Alignment)

Alignment Considerations

Changes are minimized this year to keep most clubs within the current division as in year 2020-2021. Some adjustments are proposed to achieve the follow objectives:

1. Maximize convenience & effectiveness for club visits based on geographical location to maximize synergy (for Division MRWX);
2. Balance the number of clubs and workload across Divisions and offer better support to clubs that need more support & guidance;
3. Maximize number of areas and divisions to achieve distinguished;
4. New clubs chartered in year 2020-2021 are mainly kept within the same division as in year 2020-2021 for better follow up & support;
5. New division C is created to give most clubs the opportunities to send 2 contestants for area contests;
6. Speech contest is a valuable learning opportunity for our members. Maximize the number of representatives from clubs to join area and division contest;
7. Better resources sharing such as zoom account for clubs within a division;
8. Increase leadership opportunities for our members.
