It really make the agenda more creative and funny~ the whole system is very human and has many additional functions ~a really useful tool for our meeting!

Normally we use excel to creat agenda and print it out ~ it is not aesthetic and cost papers! Skynet solves all these problem!

Skynet has been developed by a passionate Toastmaster like you. Back in 2016, **Nestor Sulu** joined his first Toastmasters club, and seeing how much work his fellows members devoted selfless for their beloved club, he decided to create a system to help them.

With the constant motivation of **Clark Shawn** and **Doris Lin**, for over 3 years Nestor has dedicated time to evolve Skynet, adding new functions, improving here and there. How much a system like this costs? is priceless.

天网是由像你这样充满激情的Toastmaster开发的。早在2016年，Nestor Sulu加入了他的第一个Toastmasters俱乐部，看到他的同伴们为他们心爱的俱乐部做了多少无私的工作，他决定创建一个帮助他们的系统。

随着不断的动力Clark Shawn和Doris Lin，3年多来，Nestor一直致力于发展天网，增加新功能，并在这里和那里进行改进。这样的系统花了多少钱？是无价的。

“ As I get more free time I'll keep adding more functions. Wishing Skynet helps your club run better and more efficient. 随着我获得更多的空闲时间，我将不断添加更多功能。祝天网有助于您的俱乐部更好，更高效地运行。
